Dear Mr. Bockhorst,

Please find inclosed two maps of the Kenai Peninsula. You will be able to see clearly the outlying areas around Kachemak Emergency Service Area, KESA. As you will see there is little or no taxable area that has not been included in our area or another service area. Also please note we are surrounded by areas either with their own fire and emergency area or Rural Emergency Service area, again with no taxable property. Hope this clears up any misunderstand.

Sincerely,

Eileen L. Becker, Vice Chair of CCAA
